

About Eagle Specialized Coatings

Eagle Specialized Coatings And Protected Environments (**E.S.C.A.P.E.**) a division of DW Pearce Enterprises Ltd is the Canadian and Pacific West Coast Authorized Factory Direct Distributor for [Superior Products International II, Inc.](#) a US manufacturer of leading edge, high tech industrial protective coatings with a world wide distributor network.

We are keenly aware of the requirements of the marketplace to balance economics, the environment, safety and good value and have built our business and reputation by adhering to our core values of ethical business dealings, dependability and on the intent to service these requirements by continuously designing and developing new products that will meet these needs and address the problems presented. We bring our projects in on time and on budget. That is our promise to you. Our solid business approach, coupled with the professionalism of our people, has led to our reputation for trust, ethical business dealings, quality and dependability. Our goal of meeting our customers' needs to their complete satisfaction has been rewarded with a large percentage of our work being with repeat customers and customer referrals. What you have seen or will see are products that were specifically engineered as an answer to a problem identified. The common thread is situational acceptance for the usage of coatings that have been proven effective against the most brutal treatment, coupled with ease of application and a long dependable life span that reduces the time, effort and money of repeat labour and maintenance and thus providing our customers with the **LOWEST COST PER YEAR OF SERVICE.**

There is only one thought you need to keep in mind...if you don't see the solution for your problem here, it probably hasn't been created...at least not yet! The challenge is only a phone call away. at **(604) 576-2212 Monday to Friday 9AM to 5PM Pacific Standard Time**
